

DY-02

Product Description :

Safety Gloves knitted in dyneema & spandex with white polyurethane coated palm

Composition & manufacturing characteristics :

- Seamless knitted : gloves extremely comfortable
- Close fit / superior dexterity : thin stitches

Product advantages :

- Basic cut, slash & abrasion resistance on both sides thanks to a palm in polyurethane coated back in dyneema & spandex

Applications :

White gloves : ideal for quality control that requires a basic cut, slash & abrasion resistance on both sides

Safety gloves
